The bailiff will provide by e-mail or letter a report of any such incident to the Honorary Secretary, Fishery Manager, and Membership Secretary as soon as possible, and the Honorary Secretary will circulate the matter by e-mail to all Delegates / Clubs on the RFA contact list, with whatever suggested way forward he thinks is most appropriate having first consulted with the Membership Secretary, Rule 11 to then apply.

Any decision then made by the Committee concerning any such matter shall be by simple majority vote. In the event of an equality of voters, the Chairman (if available) or Honorary Secretary (if not) to have to have a casting vote. Any decision then resulting is final and binding.

#### **NOTE re RFA Stickers**

In order to make the bailiff's job less difficult than it can often be, and regarding RFA stickers, it is VERY IMPORTANT that RFA Clubs do not allow any opt-outs by arguing things like 'not many of our members fish RFA waters so we give those who say they will not fish RFA waters a payment 'opt out'. Every single person, WITHOUT EXCEPTION, who is a member of an RFA club / possesses one of your club's current membership cards MUST have an RFA sticker attached OR (in the case of clubs which issue plastic ID cards) the card MUST show the relevant year's RFA sticker image. Members of Billericay & DAC (not an RFA club) may fish at Blackwall Bridge without an RFA Permit, but they must have their BDAC membership with them when on RFA waters, and RFA Members may fish the River Stour at Henny Street in Suffolk in return, and they must also have their club card with RFA sticker attached.
